Born:	Moscow, Russia, 1995 Based in Georgia since 2018, with working periods in Istanbul, Amsterdam, and Doha
Profile:	Artist, filmmaker, and curator working at the intersection of moving image, AI-driven generation, sound and time-based digital systems. Guest Tutor at Sandberg Instituut Amsterdam (A for Facts MA). Art Director at Schrocher Gallery, program director at Dust.Tbilisi. Founder of Capsule, a time-locked digital storage platform investigating temporal ethics.
Selected Exhibitions & Performances:	2025// “I feel calmer when there are insects in the air, because I know I’m in an environment suitable for life forms” — solo. Self-published online exhibition curated by Schrocher Gallery. Investigation of borderline psychological states and stupor, presented through an iPhone-LIDAR scan of the gallery space reconstructed as a navigable online environment. 2024// “Own nothing but a body, become nothing but a body” — performance work with choreographer Natia Chikvaidze; music composition, video installation, and light design. Generative AI video integrated with shot footage and multilayered editing; experimental sound through Ableton VSTs and external effects. Filmed at Khidi Club, Tbilisi; performed live at TKESHI New Media Art & Diverse Music Festival, Tbilisi. Investigates misdiagnosis, medical experimentation without consent, and learned behaviors of pain. 2022// “Post Digital Dreams” — group show. “Cryo Chamber Person”, cryopreservation installation, with Abou Farman (The New School) and Preston Chaunsumlit. Centre of Contemporary Arts, Tbilisi.
Awards:	2023// Winner, video dance & film, Contemporary Dance & Experimental Art Festival, Tbilisi (for “Own nothing but a body, become nothing but a body”).
Teaching:	2021 – Present// Guest Tutor, “A for Facts” MA program. Sandberg Instituut, Amsterdam. 2022 – Present// Programmer & Facilitator, Dust.Tbilisi. Screenings and workshops with Georgian and international practitioners on contemporary art, moving image, and critical thinking.
Curatorial & Art Direction:	2023 – 2025// Art Director, Schrocher Gallery, Tbilisi. Contemporary art gallery. Art-directed exhibitions including BEKAS-3 by Greyinsay; DUMP/MEDS (group, with Ladooniani_ark, Ceny_4, Bruxiism); Painsomnia (solo) by Ali Kh. 2022 – 2025// Program & Art Director, Dust.Tbilisi. Underground cultural and community space. Curated public program of lectures, seminars, and workshops with Georgian and international practitioners; weekend programming with live musicians, performance, and video art. Launched at the start of the war, oriented toward critical thinking and social integration.
Ongoing Projects:	2024 – Present// Capsule (in development) — time-locked digital storage platform. Files sealed until a specified future date, governed by tiered security protocols. The project examines temporal ethics in digital archives: deferred communication, delayed disclosure, self-confrontation across time. 2024 – Present// Introducing Sound to Space — video series on the friction between place and sound. The artist enters distinct sites — market, restaurant walk-in fridge, church, hotel lobby — with a sculpturally disguised speaker emitting incongruous sounds: laughter, bees, weeping, racing cars, boiling water, fire. Functions as both gallery work and short-form viral content.

Selected Commercial / Commissioned Work:	2026 – Present// Lead AI Visual Designer, undisclosed startup (in stealth mode until Q3 2026 launch). Building speculative future-world (Year 2222) for an upcoming app and transmedia social-media universe. Generative moving image work across multiple engines — Higgsfield Soul 2.0, Soul Cinema, Cinema Studio; Flux; Nano Banana Pro; Kling; Sora. Detailed character continuity, architectural and object design consistency through camera movement; prompt-based start-frame generation and animation.
